Company Overview

Kreynero is a finance company which specializes in arranging Loan for Businesses and other entities. Company also arranges Venture Capitalist for Start ups and PE Investors for MID and Large Cap Companies. Company also works with Various state Governments for Funding in Various sectors.

Kreynero Advisory LLP was founded by Alok Agnihotri dedicated to boost financial inclusion of the majority SMEs (who are excluded by most financial institutions) by developing Loan & financial products and solutions.

Despite several complexities of the business, challenges, disappointment and surprises we underwent at the beginning, still we were able to break through. This is due to the incredible support of our clients, staff, boards, management team and all our business stakeholders. The challenges our company face at the beginning became a stepping stone for our future. Therefore our past experiences and lessons learnt enables our company to develop new innovative solutions and strategies to improve our services.

Vision and Mission

To be the most preferable and sustainable financial institution for all so as to improve quality of life Kreynero Advisory LLP is Improving quality of life through provision of financial support and professional services including business formalisation, training and coaching.
